

PENSION FUND

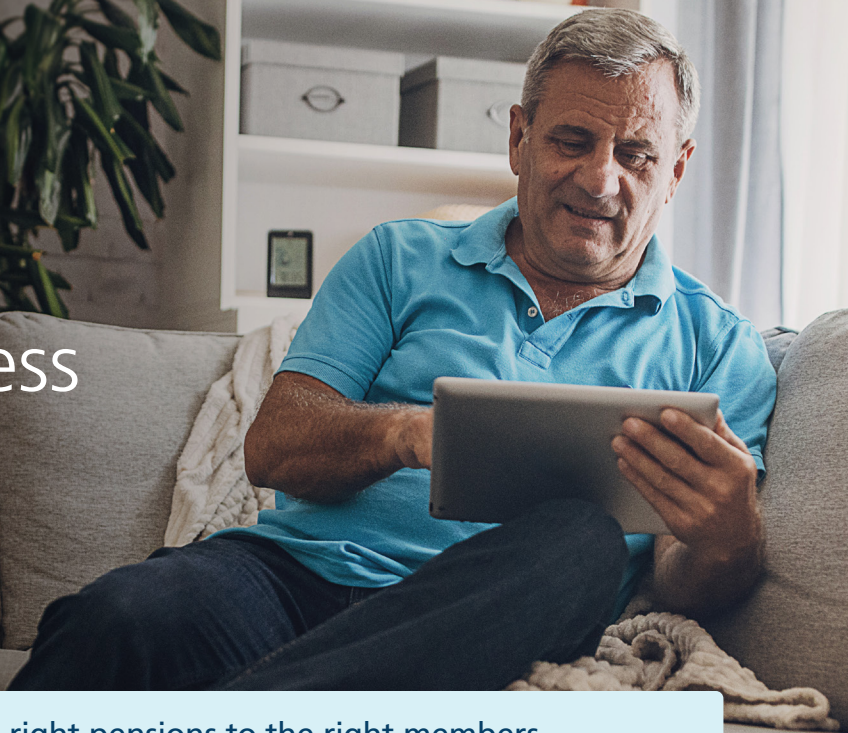

Our member verification process

The regular Proof of Life check for pensioners who live overseas

We want to make sure we're paying the right pensions to the right members.

This is why we ask you to complete the Proof of Life process. And it's why we go through this check every year. Our online process has proved very successful, with over 75% of members using this method each year.

Turn over to find out more.

Here's why we ask you to complete the Proof of Life process online annually:

- The online portal has stronger security than the postal service
- You get immediate confirmation that you've completed the process and we can see your results much sooner
- You can use photo identification from other countries
- The portal is available in English, Spanish and Welsh, with more language options planned
- You won't have to gather any paperwork together to send us
- Any problems with the post won't affect you
- If you've already completed the online process, doing it again will be even quicker as you won't need to re-register.

What we need you to do

Each year, usually between February and March, Lane Clark & Peacock (LCP) will send you an invitation, asking you to complete the Proof of Life check online. Emails will reach you much faster than post, so if you'd like to give LCP your email address, you can do this by registering to use My Pension on the Fund website, or by sending an email with your details.
